

# A BREAKTHROUGH MONITOR FOR YOUR MARINE VESSEL.

Louisiana Cat®'s Product Health Connect – a flexible management tool.

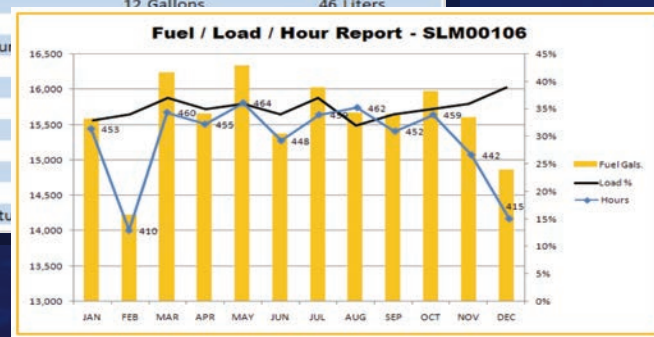

Product Health Connect is a self-contained engine monitoring and display system provided in a compact package. Product Health Connect delivers critical engine data that is easy to read and understand, ensuring maximum vessel productivity. Whether you have vessels on the inland waterways, on the waves along the Gulf Coast, or the open waters of the ocean, you depend on your engines to perform. If questions arise, you need answers quickly. Would having real-time performance information about your engines benefit your operation?

Date:10-09-13  
GMT Time:1900  
Engine Serial Number T3R00218

Description	US Data	US Units	Metric Data	Metric Units
Percent Load	46 %		46 %	
Engine Speed	1200 RPM		1200 RPM	
Total Engine Hours	1110 Hours		1110 Hours	
Trip Fuel	12 Gallons		46 Liters	

Total Fuel Used

- Engine Coolant Temperature
- Fuel Temperature
- Engine Oil Temperature
- Fuel Delivery Pressure
- Engine Oil Pressure
- Right Exhaust Temp
- Left Exhaust Temp
- Boost Pressure
- Intake Manifold Temperature

If so, look to the front-runners at Louisiana Cat to help you find those answers.

You'll have the assurance of being in touch with Louisiana Cat's team of experts through our Product Health Center. Our Product Health Connect will help you maximize "up-time" and reduce owning and operating costs.

# PRODUCT HEALTH CONNECT BENEFITS

## 1 device capable of monitoring up to 4 engines

- Multiple units can be installed to cover all engines on vessel

## Device can be located anywhere on vessel

- Adjacent to engines
- Wheel house
- Engineers office

## Electronic transmission of data via Email and/or Text

- 2 Standard transmissions per day (varies by engine type and J1939 data available)
  - Hours
  - Temperatures
  - Fuel Consumption
  - Load
  - Pressures
- Instant Notifications (based on ship's communication system)
  - Yellow and Red alerts from ECM
- Unlimited email recipients

## Hardware Benefits

- Fan-less operation
- No moving parts
- Solid-state hard-drive
- Engine Monitoring Display
- 1 year hardware warranty

## Engine Monitoring Display for each engine providing visible J1939 data from ECM:

- Temperatures
- Pressures
- Fuel Consumption
- Hours
- Diagnostic Codes
- Engine Load
- Engine Speed
- Yellow and Red Lights to alert on-board personnel

## Data Storage and Management

- Transmitted data collected and stored by our Product Health Center to assist you with future service intervals
- Customized Reports
- Trend Analysis

## Product Health Center

- This Hi-Tech State of the Art facility in Reserve, LA is equipped with a team of people whose sole interest is to provide you with the most "up-time" possible and the goal of reducing your Owning & Operating cost.
  - Repair and Service Recommendations
  - Complete Condition Monitoring

## 6 month money back guarantee

- If at the end of the 6 months you are not completely satisfied, we will uninstall device and completely credit your account
