

STAY CONNECTED WITH YOUR EQUIPMENT

MY.CAT.COM / CAT® APP

Asset – Equipment List

Review hours & location of all connected equipment, add and remove your non-connected assets.

Product Health

Stay up to date on equipment health and diagnosis, view oil sampling status and reports.

Maintenance – Service History

View equipment in real time, know when your fleet needs preventive maintenance and schedule service online. Service history provides work orders, status and description of repairs with dates of service.

Utilization

Identify underutilized equipment by reviewing your fleet's working and idle time, and percent of fuel burned.

Agreements – Warranties

Review warranties and Customer Value Agreements (CVA), including their start and end dates, start and end hours. If your equipment requires a safety or service letter, review the details online.

Operations – Rentals

Review all rental contracts and their status, by invoice number, project or jobsite location. Control costs with a review of your rental spend history.

Tasks

Set simple reminders to help manage your fleet and e-mail them to yourself or others.

PARTS.CAT.COM
