

NAPA Auto Parts in Crossett, Arkansas

Leesville, LA (March 14, 2025) Louisiana Machinery Company, L.L.C. announces the addition of another NAPA Auto Parts store coming soon to Crossett, Arkansas. This addition further expands Louisiana Machinery's NAPA store ownership to five (5) locations with existing retail/wholesale stores in Leesville, DeRidder, Winnfield, and Livingston, Louisiana.

Troy Matherne, President of the NAPA Auto Parts Division, stated, "We are excited to announce the strategic positioning of a NAPA store in Crossett. This location further complements our supply chain by widening our available product offering, providing additional inventory depth, expanded geographic retail/wholesale store coverage and further enhancing our light, medium and heavy duty automotive and truck business related services. More so, we are extremely excited to be sharing space with our sister company, Southern Logging Equipment, which strategically positions us to support the timber, logging and wood industries."

"We would like to extend a special thanks to Mike Smith, Executive Director, Crossett Economic Development Foundation, and Eddie and Penny Corder, former owners of Estelle Farm Equipment Company for all of their assistance in helping this come together so quickly," added Troy Matherne. "We have been introduced to dozens of people thus far and provided with numerous local contacts that have proven to be so valuable."

Donavan Frank, NAPA-LMC District Manager, stated "The addition of the Crossett location is an excellent fit with a market much like our current locations. We are in the top timber Parishes in Louisiana and Ashley County is one of the top timber counties in Arkansas, and certainly one of the oldest. Our goal is to provide the highest level of service to our entire customer base. We are thrilled for the opportunities to do exactly that".

About Louisiana Machinery Company, LLC:

Louisiana Machinery Company has been proud to represent Caterpillar® for 4 continuous generations in the state of Louisiana. We have been providing our customers with the highest quality equipment, service, and parts since 1933. In 2008, Louisiana Machinery Company joined the NAPA Auto Parts family and currently operates four (4) NAPA Auto Parts stores. However, we are much more than your dad's auto parts store. In addition to automotive, we carry specialized tooling, hardware, filtration and aftermarket parts for heavy duty truck, heavy equipment, marine, and industrial applications. We have full hydraulic hose capabilities for any size application and offer complete repair service for all makes and models of heavy equipment including preventative maintenance programs, hydraulic cylinder and starter/alternator rebuild.
